INTERNSHIP INTERVIEWS

JANUARY - 2009

Only those applicants showing the best fit for our program will be invited to interview with us.

The basic interview is only thirty minutes in length, but is with two Psychology Training Committee members. Interviewees will also be scheduled for a 30-minute individual interview with the Training Director, and a 30-minute meeting with the current interns. 45-minute applicant group meetings with the Training Director will be scheduled at 11:15 a.m.

The individual interviews/meetings will be scheduled to begin at noon.

An optional tour of the hospital will be provided after the interviews/meetings at 2:00 p.m.

Applicants are strongly encouraged to arrange, in advance, meetings with staff members who work in areas of interest to them. Those applicants preferring to meet with particular staff members during or following the tour hour or prior to the interviews/meetings should email (bernie.sladen@va.gov) - or phone [(708) 202-2444] the Training Director in advance. Such meetings will be scheduled if the requested staff member(s) is/are available. Applicants may also email staff members directly to schedule meetings with them. However, to facilitate coordination, applicants may prefer to ask the Training Director to schedule meetings with staff, especially when applicants would like to meet with more than one staff member.

We have found this format to be highly efficient in providing the kind of information that both the interviewers and applicants need in their decision making process.

ALL INTERVIEWS WILL BE IN:
